THIS IS UNEVALUATED INFORMATION

1. Twenty-four Soviet MIG 15s were seen at Rerik on 17 March 1952. More of these machines were observed on the next day over the Rostock city area.
2. On 18 March 1952, 53 Soviet airplanes were counted at Ribnitz-Damgarten. These were mostly jet fighters and old reconnaissance planes. Many planes came on these two days from Bindersleben near Erfurt.
3. The installations at Damgarten have been enlarged by about two-thirds. Four large buildings have been erected for workshops and offices. Soviet soldiers and Volkspolizei are trained here as pilots. Five planes were smashed in one day recently because the runway is too short. About two thousand men of the Soviet Navy were landed here on 12 and 13 March 1952. Part of them have since departed for Barth.
